combating the statement that Gov. Walker sold for taxes. The funds which were

lost. The Republican party will go on from bad to werse, involving itself more

and more in corruption, and every month

Excesses for Defeat.

We could ask for no vindication of the middle course which we have marked out for the Democratic party more conclusive than that which is furnished by the opposition press of the country since the late reverse in Ohio and Pennsylvanua. In the North we see Democratic organs using all their wit and all their thrift, and it must be owned that such appliances are at best but threadbare, to patch together some plausible reason for the defeat of Pendeteon and Facker; and in the South we hear Conservative organs crying out in a time and the earth of the most unfortunate in the world in a view of the assemblying of the Conservative organs crying out in a time the peculiar situation of the deseat of course as well as a want of tact in this mode of dealing with public questions whose nature and meaning must be as palpable to the people as to the positions. There is a spental rule are of questionable value and that they are partyellar to the people as to the positionable value and that they are partyellar to the people as to the positions. Nobody is proud of it. Nobody the proud of it. Nobody is proud of it. Nobody

litical situation until they have run their natural and jueritable course. There will be local introduce and disappointments. A State here and there will be won and winter of its discontent will be a step in the direction of popular favor; and, if it be faithful to its purposes, it will enter the Eghter at the end of a journey, we shall have less and less to carry the forther we proceed. Eager clamors for a change of base are childish. What we want is a change of splice. If we could forget that there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our there ever was a war, if we could abut our the ever was a war, if we could abut our the ever was a war, if we could abut our the ever was a war, if we could abut our the ever was a war, if we could abut our the ever was a war, if we could orget that the population. The necessity was not urgent enough. But it is manifestly hopelers, and we think it is equally wicked.

As the beginning of a new movement of her citizens. Progress or remote a took there we want is a wide to be a war in the every war and until we commence to recognize and every provide the war in the every war and until we commence to recognize and every war and until we commence to recognize and every provide the every war and until we commence to recognize and every provide the population. The necessity was not urgent every war and until we commence to recognize and every provide the every war and until we commence to recognize and every provide the every war and until we commence to recognize and every provide the every war and until we commence to recognize and every provide the every war and until we commence to recognize and every provide the every war and until we commence to recognize and until we commence to r eyes to the existence of the negro, and, thus unconcerous of influences from which we have nothing but embarrassment and Illusions to gain, cou'd estimate the facts

than the legs, and we can only march with

we get on an open highway of peace once more we shall make things brack and lively ing of the original community, seels this instinctively. There is a melancholy suggention, a faint daze, of by-gone splendor, As for our liberal friends down South cut off in its prime and engulfed beneath the wave of agrarianism which has rolfed in upon this unfinished and once ambitious they can do as they please. They can join the Radicals or stick to their present organization. But they must not expect capital, and one can not roam much about the Democratic party to give up an organ-ization which has proven so durable and sound under such a series of disasters as the town without experiencing an uneasy sensation of treading upon skeletons that may at any time start up and rebuke inthe last eight years have brought. Our nim has been, and as to stand as an inter-preter between them and the Democracy

trusion.

The present inhabitants are evidently alarmed. They are not quite sure but they will waken some morning, like the Sultan in the story, and find the Palace of Aladdin of the North. We saw at the outset that there was danger of mis conception, Por our effort to reconcile it we were roundly Capitol, White House, Patens Office, Treasury, all—gone, vanished, dissolved amid the clouds of the setting sun, far in abused by some of our short-signed to temporaries. But we were not moved out of our direction and are now steadily set the West. Their present appeal is practical enough. But it arises out of a vision, the same designation, that of organizing to the same designation, the same designation to the same designation of the same designation. or the same case, taxion, and or organisms over yished and degree of opposition to Radicalism upon a platform broad enough and tolerant enough to hold us all. In Mississippi, Texas, and Virginia the elements are not prepared. In Tennessee they are presented by the time, however, the content of the property of it is the impulse of a prevailing and not an unreasonable superstition. Stroll about the city on a summer night, when the winter throng has receded back into the States; hear the lonely fountains trickle in tered lights glimmer here and there; meet the watchmen moping dismally; observe basis, and, when it is constructed, the pol-iticians had better get out of the way, for dreary canal with its bridges that lead noto which war issues and war passions will form no stumbling blocks.

Meanwhile we are not to be discomwhere and council with nothing; note the rickety and squalid market-place, the numble-down lodging-houses, the shabby pesed by local reverses. We shall recog-nize them only for what they are and draw from them such lescons as we can. shops, and the shadow and the fear typified in the somber and stagnant character of the munic'pal government. They can-It must be obvious to the plaines: under not fail to influence the imagination of standing that the late results in Ohio and those who have no interest in the place Pennsylvania are attributable to the influand who view it from a purely philosophic

ence of the war spirit, which the Demostand-point.
This memorial will secure nothing. It its position upon issues which have either not yet come to fasten a distinct impresis one of a thousand which have preceded it. They are all trented alike by whichever sion on the popular mind or have lost their hold upon the times. party happens to be in power. 'Who cares for Wash ngton! No one at all. There is no one to love it, none to caress; and The people of Washington city appeal to Congress in a memorial which is full of serious complaints. They declare that of a Barlow kn<sup>6</sup>te—

The state of Virginis has been booord with

several Georginance via the statement of the alconstanting of t

particularly anaraling when spent upon the result of elections. The Democratic party lost in Pennsylvama and Ohlo because it did not get votes enough, and the sconer we cease to trouble ourselves there at, the better for the whole ship's crew ble qualities, and it is so now when most of the old attractions have been shorn from it. During the war there was a strange tion before the country calling for a new altroment of the Democratic party, much less for a reorganization of parties. If we should reconstract te-morrow under the leadership of Chase it would not make us a vote the stronger. If we should change it is political consequence, it is political consequence, it is political consequence, it is political consequence, it is promise, are noting. It falls between two stools. To the Radicals it is a nest of rebels. To the Democratis it is the term of all manuer of parties and carry no weight with the existing parties and carry no weight with the consequence. It has neither representation or constituency. Its only features are its political convention, but the consequence is in the term of all manuer of parties and carry no weight with the results and it is probable that that exists is of a contemptous or hoetlle that that exists is of a contemptous or hoetlle tirty and improvement?

The recent Commercial Convention is significant as showing that we are not utely and improvement?

The recent Commercial Convention is significant as showing that we are not utely and improvement?

The recent Commercial Convention is displicant as showing that we are not utely as a strong desire at the South to burn it. At present there as a strong desire in the West to give it over to be day. At a transport worth only the convention, but the work itself remains yet to be done. Congramment of the limit yet and improvement?

The recent Commercial Convention is significant as showing that we are not utely dead to an intelligent and lively approached the day. The recent Commercial Convention is significant as showing that we are not ut Union, and whatever positive sentiment | tering so powerful an agent of

are its politics and its corruption, for which it is in no wise responsible.

The tolk about removing the capital from Weshington to some point which is more central does not amount to much except as it indicates the prevailing sense of discomfort arising out of the extent of our territory. It is really the outeropping of future, pealupe distant, but yet inevitable geographical, local, sectional revolutions, Government is of course primally settled by geographical lines and population, Give the valley of the Missisalppi one hundred millions of people, give the Pacific States fifty millions of people, give the Pacific States fifty millions of people, give the Northwest fifty millions of people, give the Pacific States fifty millions of people states fifty millions of people states fifty millions of pe

continent an empire of three or tour namedred millions of human beings, all governed by a mob of Congressmen from At present there are no questions before At present there are no questions before As the beginning of a new movement we hope Prof. Perry and others will be There are seven hondred Baptist churches in of the present at their precie value, it would be of marvelous edvantage to our efficiency as an organized body. But the mind moves hasier, as the proverb has it thurch in Tabore, N. C., for the last twenty. than the legs, and we can only march with events, whatever we may think or fancy. The event of the hour is a defeat for which there is no remedy. The Republicans have swept the field, and they are likely to culou the game they have bagged. We shell not add any may faces to their enjoyment. They know as well as we do that partisan ascendancy cannot last always. There are quite a number of questions coming up on condancy cannot last a ways. There are quite a number of questions coming up on which the sense of the country has not been taken. They are more likely to divide the Republicars than the Democratis who are now getting rid of their weak suits; and when the war-path is run and we get on an open highway of peace once ing of the original community feels this. cellent speaker. Let us have him come to Louisville. We need to hear what such a man has to say as much as do the people of Boston. Chica-go, St. Louis, or New York. We repeat that we hope some of our public-splated cilizers will take it upon themselves t make arrangements with the "Free-Trad Leggae" of New York to have Louisvill

TREATMENT AND THE PARTY OF THE

John J. Crittenden, Robert J. Breckinridge, Lovel Rousesau and others, induced him to follow his own inclination and support the incoming administration. The aspect of the country was gloomy and threatening, and no che felt it more acutely than Mr. Frenden. I have seen him weep bitterly over the ordinances of secessions as they came, one precipitating another like a row. of bricks, and have the country. "My God" he would asp. "I have been of that section, tiker humantalons loud and deep over the threatened fake of the country. "My God" he would asp. "I have been dien of a true patriot.

Mr. Prenice's forte as an editor consists in his wit and sacrasm. At his table, with his spare notes and a rapid amaneansis beforehim, he pulls forth attrage of witty sayings from his brain as a magician pulls forth extra the month of the consists in his wit and sacrasm. At his table, with his spare notes and a rapid amaneansis beforehim, he pulls forth attrage of witty sayings from his brain as a magician pulls forth cold of the consists of the contract o

probably awards sixel office and a very fine Catable exhabital from destruction. On several occasions, however, he has himself been compelled to fice before the wrath of the people. During the Ward riots, when Matt Ward, who must ward was the object of vengence, Mr. Prestice, who defended Ward in his columns for reasons never definitely known, fook horse at midright and galloped to a piace of sefety.

When the news of the Bull Run fight reached Louisville, the intensees excitement prevailed, and the rocal population paraded the streets, awaring vengeance against all loval men was come in contact with them. The Journal office had long been floating a United States where the streets of the streets as the street of the streets are street of the streets as the street of the streets as the street of the street of the streets as the street of the streets of

A SPECIMEN. COLUMN "Univ. Vincinia, May 17, 1861.

"LOUISVILLE, May 24, 1961. "LOUISVILLE, May 24, 1961.
"I should go to a university to graduate a fraction.

"I should go to a university to graduate a fraction."

Her Majiesty, on the second story. The Queen, with whom the lubradon had arranged my interview the day before, was scated at the bay-side w adow of the loodout; reading the plays of victor Hugo. She received me with a plassant smile, and pointed to a fusiesial near har. After a few introductory remarks, Her Majesty touched upon the late difficulties in Spans, and the dethronement of her daughter, which facts are too well known to be repeated here. The Spanish people, "the said, "are loyal at heart, but they are like expirence children, and the meaning of the said, "are loyal at heart, but they are like expirence children, and the unsurpers driven from Spain through seas of blood. You will see limit the said will see it." "And if she be not recalled, will she addicate in favor of her sou?" I asked. "Never! never! while I five!" she replied, with an expression of immeas that would have done credit to Nevo.

In conclusion, her plajesty informed me that I valieds II. was expected at Trouville the next day, and that I was expected at Trouville the next day, and that I was expected at Trouville the next day, and the I five!" she see her lighness for so south condessension, and took my departure.

creich and it was braiced about that a Confederate flow would be noisted upon it during the day. The crowd between the two offices was alsomorous for the raising of one sign and the lowering of the other. At this juncture, Mr. Prettice was informed by an existed employer from the counting-room that sometody was on the roop pulling down the flag. The old man's eyes flached free.

"Then, by G—d, "said he, "go up there and throw him down among the moth."

"Then, by G—d," said he, "go up there and throw him down among the moth."

"Are he was been been been continued to the said of the health of the said of the health of the flag was already half-masted, and the carponitor, intent mainly on carsing his wages, though not intenable to the crice of the admining crowd beneath, was busily engaged in uniyog it from the halyards. To his initial diagnat, however, before his work was competed, he found himself haired back ward by a strong hand, which in the next treath filred the flag argain to the posts and tied the halyards in an pounder was then haifly kicked down the abyright, and throst the read of the way down two pairs of stairs to the street door, where he received an energetic parting salute, and found himself lained among his late admirers, without having a sling chaince to receive or the coder an explanation. This bold stroke thoughed the gus rous impulses of the mob, if they had any, and all demonstrations against the Journal and it flag casaed. The crowd in fact, turved its ridicule on the unoffeeding rapentery with unbroken bounds.

Alter the Ward riots, Mr. Frentice found has subscription list worfully depleted by the withdrawad of asken during the trial. In order to the state of the state o
